5. Comment. Return to the U.S.S.R. of old motor vehicles under the exchange program. Empty aircraft crates are also shipped to the U.S.S.R. from airfields in East Germany. 25X1

6. Comment. The shipment to Grunow was consigned to the fuel depot under construction at Mixdorf. 25X1

7. Comment. The 24-hour total observed during the period of observation was 103 carloads daily, which, compared with August 1952, means an increase of about 70 percent. However, supply traffic is still normal and it is believed that the increase is due to a more thorough coverage of the marshaling yard. 25X1
